Cooperative Agreement
between
the Committee for Purchase From People
Who Are Blind or Severely Disabled
and
SourceAmerica

This Agreement is entered into by and between the Committee for Purchase From People Who Are Blind or Severely Disabled, operating as the U.S. AbilityOne Commission (“Commission”), and SourceAmerica, designated herein this Agreement as an AbilityOne Program Central Nonprofit Agency (“CNA”), for the purpose of establishing the governing relationship and roles and responsibilities of each party in its respective role within the AbilityOne Program.

The Commission is the independent federal agency that administers the AbilityOne Program by authority of the Javits-Wagner-O'Day Act ("JWOD Act"), codified in 41 U.S.C. §§ 8501-8506.

SourceAmerica is a nonprofit agency whose mission is to create meaningful employment opportunities and expand choices for people with significant disabilities. SourceAmerica, hereinafter referred to as CNA, has historically served as a Commission-designated central nonprofit agency within the AbilityOne Program as identified in 41 C.F.R. § 51-3 and FAR 8.701 to represent Nonprofit Agencies ("NPAs") employing persons with significant disabilities, and thereby facilitate the distribution of orders by the Federal Government for commodities and services on the Procurement List (“PL”) among qualified NPAs employing persons with significant disabilities under the Program.

SECTION A – BACKGROUND AND OBJECTIVES

1. PURPOSE

The purpose of this Agreement is to establish key expectations and guidance for the Commission and CNA in relation to the implementation and management of the AbilityOne Program. The JWOD Act established the U.S. AbilityOne Commission to both provide and increase employment and training opportunities for persons who are blind or have other significant disabilities through the delivery of products and services to the Federal Government. The JWOD Act also requires the Commission to designate CNAs to facilitate the distribution of Federal Government orders by allocation or other means.

In 2013, the Government Accountability Office (GAO) reviewed the AbilityOne Commission and program and made recommendations to the Commission to address their findings. Additionally, in December 2015, Congress passed the Consolidated Appropriations Act, 2016, Public Law 114-113 2016, that included certain directives for the AbilityOne Commission to address within one-hundred eighty (180) days of the Act's passage, namely (1) to enter into written agreements with the CNAs to provide auditing, oversight, and reporting requirements; and (2) to stand up an Office of Inspector General for the Commission. In addition, Congress directed that the written agreement address nine points:

1. Roles and responsibilities on the part of the Commission and the CNA in project assignment procedures, including decision-making processes
2. Expenditures of funds, including policy governing reserve levels
3. Performance goals and targets
4. Governance standard and other internal controls to prevent fraud, waste, and abuse, including conflict of interest disclosures and reports of alleged misconduct
5. Access to data and records
6. Consequences for not meeting expectations
7. Periodic evaluations and audits on affiliates
8. Periodic review and updates on pricing information
9. Provisions for updating the agreement

2. CENTRAL NONPROFIT AGENCY DESIGNATION

Pursuant to 41 U.S.C. § 8503 (c) and the Consolidated Appropriations Act, 2016, the Commission by execution of this Agreement hereby designates SourceAmerica as a central nonprofit agency (hereinafter referred to as “CNA”) to facilitate the distribution, by direct allocation, subcontract, or any other means, of orders of the Federal Government for products and services on the PL among qualified NPAs for persons who have significant disabilities. As a designated CNA, SourceAmerica, herein agrees to comply with the terms and conditions of this Agreement as well

as the JWOD Act, 41 U.S.C, Chapter 85 and implementing regulations, 41 C.F.R. Chapter 51.

3. DESCRIPTION OF SERVICES

The CNA shall provide management, labor, supervision, materials, equipment and supplies to furnish CNA program services to the NPAs as outlined in the JWOD Act, 41 U.S.C. Chapter 85 and implementing regulations, 41 C.F.R. Chapter 51. The CNA shall plan, schedule, coordinate, and ensure effective and efficient performance of all services provided. The CNA shall perform the services in a manner that promotes the Federal Government's policies and the Commission's specific objectives as set forth in this Agreement, the JWOD Act, 41 U.S.C. Chapter 85, and implementing regulations, 41 C.F.R. Chapter 51. This is a performance-based agreement that includes performance expectations and consequences consistent with the Congressional mandate of the Consolidated Appropriations Act, 2016. Performance-based specifications express the Government's requirements in the form of the minimum quality standard to be met and consequences for deficient performance.

The overall purpose of this Agreement is to implement Consolidated Appropriations Act, 2016, Public Law 114-113 2016, by establishing the governing relationship between the Commission and the CNA to ensure effective stewardship and to increase employment and training opportunities for persons who have other significant disabilities through the delivery of products and services by the NPAs to Federal Government customers in accordance with and in furtherance of the JWOD Act.

High value is associated with sustaining and increasing current employment levels and developing and executing new lines of business that also increase new employment opportunities.

Key performance indicators of this agreement are:

- Employment Growth
- Program Administration, Oversight, and Integrity
- NPA Support, Assistance, and Development
- Strategic Communications

4. ORDER OF PRECEDENCE

The following order of precedence (listed in descending order) shall be adhered to when conducting business, responding to Commission requests, and ensuring compliance with the AbilityOne Program:

- a) Statutes: JWOD Act, Chapter 85 of Title 41 United States Code
- b) Executive Orders (if applicable to the AbilityOne Program)

- c) Regulation: Chapter 51 of Title 41 Code of Federal Regulations
- d) Cooperative Agreement and Commission Policies and Procedures – It is important to note that the cooperative agreement and Commission Policies and Procedures are supplemental to the JWOD and Commission regulations and do not supersede or replace statute or regulation.

The Commission reserves the right to request documentation and/or require action from nonprofit agencies and other Government entities in support of the AbilityOne Program as detailed in the JWOD.

SECTION B – CONSIDERATION AND FEES**1. CONSIDERATION FROM THE COMMISSION**

- a) Upon designation as a CNA by the Commission, the CNA may charge fees to qualified and approved NPAs participating in the AbilityOne Program for facilitating their participation in the AbilityOne Program in accordance with the terms and conditions of this Agreement, the JWOD Act, 41 U.S.C Chapter 85 and implementing regulations, 41 C.F.R §51, and Commission policies governing the AbilityOne Program.
- b) The CNA agrees to accept Program Fee payments from third party qualified NPAs as full consideration in accordance with the terms and conditions of this Agreement, the provisions of the JWOD Act and the regulations and policies issued by the Commission. Furthermore, the CNA waives the right to collect Program Fee from the Commission.
- c) Notwithstanding the foregoing, nothing herein shall prevent the CNA from charging customary fees including, but not limited to, conference and training fees, loan and interest charges, sponsorships, and advertising fees.

2. PROGRAM FEE CEILING

Pursuant with 41 C.F.R. §51-2.2(f) the Commission sets the fee ceiling on fee paid to CNAs. The fee ceiling is intended for the CNA to generate revenue within their approved business plan, to incentivize the expansion of employment opportunities and to assist in start-ups. All fees collected under this Cooperative Agreement are considered Program Fee.

Use of Fee Collected. The CNA shall use the Program Fee collected only for the intended purposes, under terms and conditions of this Agreement, and in furtherance of the AbilityOne Program, unless otherwise expressly instructed in this Agreement or by the Commission.

3. CENTRAL NONPROFIT AGENCY AUTHORITY TO CHARGE PROGRAM FEES FROM NONPROFIT AGENCIES

- a) The CNA shall calculate Program Fee based on NPA sales to the Government under the AbilityOne Program and in accordance with regulations and policies set forth by the Commission governing the AbilityOne Program.
- b) The total Program Fee charged by the CNA shall be calculated using rates not to exceed the annual Program Fee ceiling rate approved by the Commission. The CNA retains the right to charge a fee less than the fee ceiling.

- c) Documentation of Program Fee payment requests shall be provided by the CNA to the Commission in accordance with reporting requirements set forth in this Agreement or upon written request by the Commission.
- d) The CNA shall notify the Commission of any qualified NPA's failure to make payment of the Program Fee to the CNA. - 4) Such information and documentation as is required by the contract's description of and sales amount that forms the basis for payment;
- 5) A certification by a CNA official authorized to bind the CNA, as to the accuracy of the CNA's request.

5. COMMERCIAL LINES OF BUSINESS

The Commission authorizes use of Program Fee for commercial efforts to the extent that the commercial efforts are intended to have a direct benefit to the Program mission and do not otherwise detract from the CNA's performance or are considered unallowable under this Agreement.

The Commission's Administrative Memorandum Number 11, Central Nonprofit Agency (CNA) Fee Ceiling Determination Process, states CNAs are authorized to set fees to "generate revenue within their approved business plan, to incentivize the expansion of employment opportunities and to assist in start-ups." Accordingly, the CNA shall provide the Commission PMO with a business plan prior to investing Program Fee in a commercial effort. The CNA must submit a business plan after conducting research but prior to moving to the development of a commercial effort.

The CNA will provide an update on each commercial effort in research and development in each quarterly report. The business plan shall be submitted no later than thirty (30) days after

conclusion of research and shall include details of how the product or service will be developed and how it will benefit the Program. For example, what studies, if any, will be conducted and once conducted, what are the results? Will new assistive technology or methods be developed? Are there any new training packages or techniques that will be implemented and if so, what is the projected net gain? The Commission shall review the plan and provide concurrence or non-concurrence to use Program Fee for the proposed commercial effort within thirty (30) days of receiving the plan.

Also, when using the Program Fee for commercial efforts, the CNA shall provide an annual commercial lines of business report. - How much revenue that was invested in the Commercial Lines of Business came from Program Fee; and
- How much revenue will be used for grants/scholarships to NPAs, detailing the specific grants/scholarships.

6. SPECIAL CONSIDERATION – COVID-19 Pandemic

OBJECTIVE 3.1 EMPLOYMENT GROWTH

3.1.1 Employment Growth Plan Analysis. Employment growth for persons who are blind or with significant disabilities is of pivotal importance to the AbilityOne Program. At a minimum, the CNA must provide an employment growth plan that provides new lines of business and employment growth expectations no later than September 1 of each year. The CNA, in consultation with NPAs, federal and state customers, disability community (including veterans), and appropriate education institutions, shall conduct market research and analysis to inform the employment growth plan for the federal market segment. At a minimum, the employment growth plan, due no later than September 1 for each succeeding year, shall incorporate the market analysis results and findings and address the following:

1. Sustaining existing employment. Sustaining existing employment shall result in no net employment loss in lines of business, absent unforeseen changes by the federal customers to phase out or insource certain lines of business or unforeseen declines in a particular industry, measured in terms of direct labor hours (DLH), for both persons blind/significantly disabled and total Significantly Disabled DLH (SDDLH) separately (as reported in Annual Representations and Certifications). The Employment Growth plan shall have clear objectives with measurable progress towards sustaining net employment levels which will be tracked via the quarterly updates and year end results.
2. New employees for existing and new lines of business. Each year the CNA shall establish an employee growth target for existing and new lines of business. At a minimum, the strategic growth plan shall include the annual employee growth targets resulting in net employment growth in existing and new lines of business (as measured in terms of people and disabled full-time equivalents (DFTEs)). For the purpose of determining the potential for innovation, the CNA shall assess career opportunities in relationship to all LOBs (new and existing); anticipate future government needs through relationship building; and research private industry methods of modernization for feasibility of implementation within the AbilityOne Program. Subsequently, the CNA shall map out a strategic approach to accomplishing this type of innovation with the AbilityOne Program. The plan shall have clear objectives with measurable progress towards increasing net employment levels with respect to the innovation requirement. The CNA shall demonstrate at least one or more innovative approach to growing LOBs

and incorporate additional value-added components on a semi-annual basis. Innovative approaches to employment growth consist of the following:

- (1) Creating product families new to the AbilityOne Program;
- (2) Branching out into services new to the AbilityOne Program; and
- (3) Expansion of new or existing products and services to new customers.

These approaches should be outlined in the employment growth plans answering the following questions: (1) What is the new product or service; (2) What is the timeline for implementation; and (3) What is the expected result?

3. Promoting employees in upwardly mobile jobs in indirect labor, supervision, management, or competitive employment positions (including those placed and/or promoted outside of the Program) – as reported in Annual Representations and Certifications. Under current implementation of law, such integrated placements will not be factored into the 75% direct labor hour ratio that NPAs must maintain to participate in the AbilityOne Program, but may be considered when evaluating the CNA's performance. Upward mobility and competitive placement is a two-fold element within the Quality Assurance Surveillance Plan (QASP): (1) Plan approved and in place to increase upward mobility and competitive placements and (2) employee satisfaction with said programs. See QASP (Attachment 2) for further details on the requirements and how each is measured.
4. Procuring (for internal use) the products and services offered by NPAs participating in the AbilityOne Program (measured by number of NPAs reporting such purchases) to the extent available.
5. Barriers to Employment Growth. The CNA shall provide a forecasting report that shows current market demand (to include an environmental scan), future customer needs, and new customer acquisitions. In this report, the CNA shall identify and prioritize the top five (5) barriers to employment growth and the specific action plans that will be addressed within the next twelve (12) months or the duration of a shorter term.
6. A pipeline report that will show customer procurements for the succeeding twelve months.

The CNA shall also provide quarterly employment growth plan updates, as part of the quarterly report, that capture progress being achieved relevant to the strategic growth plan. The CNA shall submit quarterly dashboard reports to the Commission identifying actual results (in terms of DFTEs, direct labor hours, and actual people) of annual net employment growth strategies.

To ensure integrity, the CNA shall avoid actions that are contrary to the terms and conditions of this Agreement, the JWOD Act, 41 U.S.C. Chapter 85 and implementing regulations, 41 C.F.R. Chapter 51, or actions that are otherwise inappropriate or provide the appearance of impropriety. The CNA shall establish policies and procedures to assure that 1) Boards and officers understand and uphold their fiduciary responsibilities while avoiding any instances that reflect a conflict of interest; 2) assets are managed properly; and 3) the designated responsibilities under the AbilityOne Program are implemented in accordance with the JWOD Act and all other applicable laws, regulations, policies, procedures, and guidance. The CNA shall train all existing and new CNA employees who support the Program on business ethics and conflicts of interest policies, at least annually.

The CNA shall disclose, in writing to the Commission, all litigation and all allegations, findings or knowledge of violations of federal law (such as fraud, bribery, or gratuity violations) by the CNA and/or its NPAs involving the AbilityOne Program within five (5) business days of initial notice to the CNA, to the extent permitted by law, or not otherwise advised against by the investigating official (noted in Deliverables Schedule as “Mandatory Disclosures”). The CNAs shall also provide the Commission with an explanation of how the violation occurred as that information becomes available and the steps the CNA is taking to educate the NPA on how to prevent similar or future violations related to the AbilityOne Program. If the violation occurred by the CNA, the CNA shall provide the Commission with the steps the CNA is taking to prevent further similar violations. In addition, the CNAs shall report in writing any potential conflict of interests affecting the PL and AbilityOne Program to the Commission within five (5) business days of learning of the actual or perceived conflict of interest.

3.2.2 CNA Board Governance. The CNA shall require executive and board members to disclose and certify annually, and prior to any Board decision where the members’ personal interests may be affected by CNA and AbilityOne Program business and transactions. The CNA

shall submit a Board of Directors Disclosure Report to the Commission, no later than August 15 each year, or within 30 days of any change to the CNA's board membership. Along with every Disclosure Report, the CNA will submit the full list of the Board of Directors (in agreed upon template). To avoid the appearance of an impropriety, no board member can vote and/or approve any action impacting AbilityOne PL new opportunities, allocations, and/or re-allocations of contracts that creates a personal conflict of interest without the express written approval of the Commission upon full disclosure of the nature of the conflict of interest. The CNA shall maintain records indicating recusal of board members and the reason for the recusal.

To avoid the appearance of an impropriety and improper influence, the composition of the CNA Board of Directors shall be as follows no later than March 1, 2020:

7. Ensure that no executives and/or board members of associations representing AbilityOne Program qualified NPAs serve as board members of the CNA, other than a member of the National Council of SourceAmerica Employers (NCSE) Executive Team. This requirement does not preclude the founding National Nonprofit Agencies (NNAs) from sitting on the CNA Board;
8. Maintain an audit committee to oversee the CNA's financial affairs, and audits are conducted by an independent auditing firm that is overseen by the audit committee; and
9. Upon written request from the Commission, provide to the Commission, for Commission review only, the Meeting Minutes of any public meeting/session.

The CNA shall establish the necessary internal controls in accordance with applicable laws, regulations, and guidance governing nonprofit institutions as well as to satisfy the requirements under the JWOD Act, 41 U.S.C. Chapter 85 and implementing regulations, 41 C.F.R. Chapter 51 and Commission policies and guidelines. The CNA shall assess and evaluate its internal controls in accordance with this

Agreement and other applicable laws and regulations governing the same, to ensure that the controls are effective and updated when necessary to successfully carry out its responsibilities and avoid potential for waste, fraud, or abuse. The CNA shall also inform the Commission of the results of this assessment not protected by attorney-client privilege or otherwise, and demonstrate to the Commission that the controls it has in place are sufficient to meet all the laws, regulations, and guidance governing nonprofit institutions as well as to satisfy the requirements under the Consolidated Appropriations Act and the JWOD Act, implementing regulations and Commission guidelines.

If the CNA is required to engage an accountant to perform agreed upon procedures related to certain aspects of this agreement, the procedures should be developed in collaboration with appropriate representatives from the Commission. This name and the AbilityOne logo are the official recognition marks of the AbilityOne Program. The Commission hereby grants to the CNA a world-wide, non-exclusive, royalty-free use of the trademark and logo while the CNA is acting in its responsible and authorized role as a CNA in the AbilityOne Program. Additionally, the CNA is authorized to further grant a world-wide, non-exclusive, royalty-free use of the trademark and logo as a Sub-License to qualified NPAs in the AbilityOne Program. To the extent this provision includes any substantive changes from the prior clause in the Cooperative Agreement, the language herein supersedes any prior Licensing and Sublicensing Agreements previously issued.

In particular, although not limited to, the Licensee or Sub-Licensee will use the trademark and logo as follows:

- a) in a tagline following the CNA's name as follows: "(CNA Name), An AbilityOne® Authorized Enterprise";

The CNA agrees that such use of the trademark and logo will be accomplished so that there is no appearance of the Commission or Government endorsement or authorization of, or affiliation with the CNA and the NPA Sub-Licensee, other than as such affiliation is specified herein between the Commission and the CNA or NPA Sub-Licensee. More specifically, the CNA or NPA Sub-Licensee shall not use the trademark and logo in communicating with Members of Congress or their staffs, Executive agency senior leaders or their staffs, or other individuals or entities not affiliated with the AbilityOne Program in any manner that could appear that the Commission authorized, approved or agrees with the contents of the communication without advance approval by the Commission.

As authorized by this subsection, the CNA shall further grant sub-license for use of the registered trademark AbilityOne® with each of the qualified NPAs; when discovered by the CNA, report infractions of use by any Sub-Licensee to the Commission (to the extent the CNA is aware) and take corrective action as needed. The CNA shall monitor and

supervise the use of the trademark and logo, reporting any inappropriate use discovered by the CNA to the Commission (to the extent the CNA is aware).

The Commission retains all rights, authorities and use of the AbilityOne, AbilityOne Program name, trademark, and logo. The CNA hereby acknowledges and agrees that the Commission is the sole owner of the trademark and logo, the goodwill pertaining thereto, and that nothing contained herein shall constitute an assignment of the trademark or logo, or grant to the CNA of any right, title or interest therein, except the right to use it as set forth herein.

The Commission and the CNA shall work cooperatively to address any areas of improvement identified by the Commission.

5.0 : QUALITY CONTROL PLAN (QCP)

The CNA shall develop and maintain effective quality control procedures to ensure services are performed in accordance with the PWS in this Agreement. All work performed under this Agreement shall be consistent with industry standards to assure timely provision of services and optimum customer satisfaction. The CNA shall develop and implement procedures to identify and ensure services are provided at the required level of performance for all elements of this Agreement. CNA performance requiring corrective actions include, but are not limited to, items such as late performance or submission of defective or late reports on a recurring basis or failure to perform a required task.

The CNA shall submit an initial QCP to the Commission no later than thirty (30) days after the effective date of this Agreement. The QCP will be reviewed and approved by the Commission and the CNA will be notified if there are any deficiencies. The CNA will have thirty (30) days to correct any deficiencies, if required. The CNA must ensure the QCP is in operation throughout the entire term of the agreement. The CNA shall prepare and implement a written QCP as described below.

5.1 : MINIMUM REQUIREMENTS OF QCP. The following are the minimum requirements for a QCP to be provided and maintained by the CNA:

1. The CNA shall ensure the required services specified in this Agreement meet the quality standards outlined in the Agreement. The QCP shall include, but not be limited to:

6.0 : QUALITY ASSURANCE SURVEILLANCE PLAN

6.1 : General. The Commission will evaluate the CNA's performance under this Agreement in accordance with the QASP (See Section G Attachment 2). This QASP will serve as a guide for all parties involved to ensure the CNA is providing the Commission and NPAs the support and services required by this agreement. The QASP defines how the performance standards will be applied, the frequency of surveillance, and the minimum acceptable performance levels.

6.2 : Business Relationship. The Parties agree to cooperate under the terms of this Agreement to both provide and increase employment and training opportunities for persons who have significant disabilities through the delivery of products and services to the Federal Government customers. Nothing in this Agreement shall be construed to create a legal partnership or joint venture between the CNA and the Commission.

In order to have an effective Agreement administration program that also ensures a successful business relationship between the Commission and the CNA, all parties involved in the service delivery process must work as a team and foster open and honest communication at all times. Close coordination and active cooperation on a continuous basis between the CNA and those representing the AbilityOne Program is critical.

6.3 : Commission/CNA Win-Win Communications. To avoid any unnecessary issues and controversy and to settle minor problems and misunderstandings, the CNA and the Commission shall meet monthly during the term of the Agreement unless otherwise agreed to by both parties. The intent is to ensure that the operating environment under this Agreement evolves in an interactive positive and effective manner. A mutual effort shall be made to resolve problems identified during these meetings. The participants in these meetings will be determined by the Commission and the CNA. Specific topics to be addressed during these meetings may include such topics as listed below or any other areas that require discussion:

1. Effectiveness of CNA's Quality Control Plan;
2. Quality Assurance Surveillance Plan Performance evaluation;
3. Corrective action plans;
4. PL submittals for new lines of business;

Prior to publicly posting the performance achievements, the Commission will give the CNA a period of time in which to provide feedback.
2. **Program Fee Ceiling Determination:** The CNA's performance of requirements under this Agreement, and the Commission's application of the QASP thereto, shall be factors the Commission considers as part of the review of the Program Fee ceiling determination. Based on CNA performance, the Program Fee will be set accordingly. Any Commission Program Fee ceiling determination shall be effective on all contracts, including but not limited to, new or renewed contracts and/or modifications to terms of the NPA's contracts.

6.5 : Effectiveness of Quality Control. The Commission will periodically assess the effectiveness of the CNA's QCP through review of reports required of the CNA, service delivery information, and customer interaction. The quality and timeliness of the CNA's performance of the scheduled program, service call responses and occupant feedback program will be used to assess the overall service delivery. If the CNA fails to adhere to the Agreement requirements and the CNA's performance remains unsatisfactory, it will have a negative impact on the performance evaluation process and have a negative impact on the fee ceiling determinations made by the Commission. Failure to provide required documentation will have a negative impact in the performance evaluation process. See also paragraph 6.4 above and Section G, Attachment 2, QASP.

3. SEVERABILITY

If any particular term, covenant, or provision of this Agreement is determined to be invalid or unenforceable, the invalidity or unenforceability thereof will not affect the remaining provisions of this Agreement, which will nevertheless remain in full force and effect. If a court of appropriate jurisdiction finds any provision of this Agreement illegal or unenforceable, the parties will attempt to modify the provision in a mutually agreeable manner that renders the provision lawful and enforceable. If the parties are unable to come to agreement, then the court shall construe such provision as modified to the minimum extent possible to make the Agreement enforceable, provided that the revision does not defeat a material element of the Agreement (e.g., payment).

4. MODIFICATION AND TERMINATION

A. Modification. Except as otherwise stated herein, this Agreement may be modified only by a written instrument.

(1) Bilateral Modifications. Bilateral Modifications are executed by mutual agreement of the parties.

(2) Unilateral Modifications. The Commission reserves the right to make unilateral modifications to the Agreement, in the following circumstances:

2a) to effectuate administrative changes, Quality Assurance Surveillance Plan (QASP) changes, and

- (2) Any and all additional payments, including those pursuant to Section B.1, for work performed by the CNA under this Agreement and/or in accordance with relevant statutory and regulatory requirements.

D. Prior to termination, the Parties agree to work cooperatively in good faith to address any concerns or proposed grounds for termination.

5. THIRD PARTY BENEFICIARIES

(b) The prohibition in (a) of this clause does not preclude the CNA from asserting rights that are otherwise authorized by law or regulation. For acquisitions of commercial items, the prohibition in paragraph (a) applies only to the extent that any agreement restricting sales by subcontractors results in the Federal Government being treated differently from any other prospective purchaser for the sale of the commercial item(s).

3. EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS

(a) Employees working on this Agreement will be covered by the whistleblower rights and remedies in the pilot program on CNA employee whistleblower protections established at 41 U.S.C. § 4712.

(d) Reports. If the CNA is required to furnish cost, funding, or performance reports, the Agreement Officer or an authorized representative of the Agreement Officer shall have the right to examine and audit the supporting records and materials, for the purpose of evaluating—

imposed by any court of a State, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, or the U.S. Virgin Islands.

(b) The CNA is not prohibited from employing persons—

(b) Except as authorized by OFAC, most transactions involving Cuba, Iran, and Sudan are prohibited, as are most imports from Burma or North Korea, into the United States or its outlying areas. Lists of entities and individuals subject to economic sanctions are included in OFAC's List of Specially Designated Nationals and Blocked Persons at <http://www.treas.gov/offices/enforcement/ofac/sdn>. (b) To the extent required to carry out a program of inspection to safeguard against threats and hazards to the security, integrity, and confidentiality of Government data, the CNA

shall afford the Government access to the CNA's facilities, installations, technical capabilities, operations, documentation, records, and databases.

(c) If new or unanticipated threats or hazards are discovered by either the Government or the CNA, or if existing safeguards have ceased to function, the discoverer shall immediately bring the situation to the attention of the other party.

12. DATA RIGHTS

- (a) Pursuant to 41 U.S.C. § 8503(e) and this Agreement, the CNAs shall conduct studies, analyses, evaluations, test data, research, pilots, or similar work at the written request of the Commission. When requested by the Commission, and funded by the Program Fee, any reports, data, research results or other information yielded from such activities shall be the property of the Commission. The right of Government ownership also applies to existing data the CNA may possess as the result of such studies, analyses, evaluations, test data, research, pilots, or similar work at the request of the Commission prior to the execution of this Agreement.

If determined the Commission does not possess unlimited rights to the technical data described in subsection (a), then the Commission holds and/or retains government purpose rights, for up to a five-year period to:
- (i) Use, modify, reproduce, release, perform, display, or disclose the technical data within the Government without restriction; and
 - (ii) Release or disclose the technical data outside the Government and authorize persons to whom release or disclosure has been made to use, modify, reproduce, release, perform, display, or disclose that technical data for Government purposes.
- (c) Any such studies, analyses, evaluations, test data, research, pilots, or similar work that require the CNA to contract with third parties shall include rights in data language that provides the Commission the same use and data rights in subsection (b).
- (d) Nothing in this Agreement shall be construed as limiting or impacting any data rights of the CNA or the CNA's right to maintain the confidentiality and ownership

of proprietary information and processes.

(2) Does not foreclose any CNA rights arising in law, the FAR, or the terms of the Agreement. It does not require—

(i) A CNA to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine; or

(ii) Any officer, director, owner, or employee of the CNA, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; and

(ii) Otherwise promote an organizational culture that encourages ethical conduct and a commitment to compliance with the law.

(3) (i) The CNA shall timely disclose, in writing, to the agency Office of the Inspector General (OIG), with a copy to the Agreement Officer, whenever, in connection with the award, performance, or closeout of this Agreement or any subcontract thereunder, the CNA has credible evidence that a principal, employee, agent, or subcontractor of the CNA has committed—

(A) A violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code; or

(B) A violation of the civil False Claims Act (31 U.S.C. §§ 3729-3733).

(ii) The Government, to the extent permitted by law and regulation, will safeguard and treat information obtained pursuant to the CNA’s disclosure as confidential where the information has been marked “confidential” or “proprietary” by the company. To the extent permitted by the law and regulation, such information will not be released by the Government to the public pursuant to a Freedom of Information Act request, 5 U.S.C. Section 552, without prior notification to the CNA. The Government may transfer documents provided by

the CNA to any department or agency within the Executive Branch if the information relates to matters within the organization's jurisdiction.

(iii) If the violation relates to an order against a Government-wide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the CNA shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic Agreement.

(c) *Business ethics awareness and compliance program and internal control system.* This paragraph (c) does not apply if the CNA has represented itself as a small business concern pursuant to the award of this Agreement or if this Agreement is for the acquisition of a commercial item. The CNA shall establish the following within 90 days after Agreement award, unless the Agreement Officer establishes a longer time period:

(1) An ongoing business ethics awareness and compliance program.

(i) This program shall include reasonable steps to communicate periodically and in a practical manner the CNA's standards and procedures and other aspects of the CNA's business ethics awareness and compliance program and internal control system, by conducting effective training programs and otherwise disseminating information appropriate to an individual's respective roles and responsibilities.

(2) An internal control system.

(i) The CNA's internal control system shall—

(A) Establish standards and procedures to facilitate timely discovery of improper conduct in connection with Government contracts; and

(B) Ensure corrective measures are promptly instituted and carried out.

(ii) At a minimum, the CNA's internal control system shall provide for the following:

(A) Assignment of responsibility at a sufficiently high level and adequate resources to ensure effectiveness of the business ethics awareness and compliance program and internal control system.

(B) Best efforts not to include an individual as a principal, whom due

diligence would have exposed as having engaged in conduct that is in conflict with the CNA's code of business ethics and conduct.

(D) An internal reporting mechanism, such as a hotline, which allows for anonymity or confidentiality, by which employees may report suspected instances of improper conduct, and instructions that encourage employees to make such reports.

(E) Disciplinary action for improper conduct or for failing to take reasonable steps to prevent or detect improper conduct.

(F) Timely disclosure, in writing, to the agency OIG, with a copy to the Agreement Officer, whenever, in connection with the award, performance, or closeout of any Government contract performed by the CNA or a subcontractor thereunder, the CNA has credible evidence that a principal, employee, agent, or subcontractor of the CNA has committed a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 U.S.C. or a violation of the civil False Claims Act (31 U.S.C. §§ 3729-3733).

(1) If a violation relates to more than one Government contract, the Contractor may make the disclosure to the agency OIG and Agreement Officer responsible for the largest dollar value

contract impacted by the violation.

(2) If the violation relates to an order against a Government-wide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract, and the respective agencies' Agreement Officers.

(3) The disclosure requirement for an individual contract continues until at least 3 years after final payment on the contract.

(4) The Government will safeguard such disclosures in accordance with paragraph (b)(3)(ii) of this clause.

(G) Full cooperation with any Government agencies responsible for audits, investigations, or corrective actions.

(1) The CNA shall include the substance of this clause, including this paragraph (d), in subcontracts that have a value in excess of \$5.5 million and a performance period of more than 120 days.

(2) In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Agreement Officer.

SUBJECT	PARA.	PARAGRAPH
1. Overview	1	1
2. Description of Services	2	2
3. Organizational Structure	3	3
4. Agreement Quality Requirements	4	4
5. QASP Approach	5	5
6. Methods of Surveillance		6
7. QASP Performance Objectives/Standards	7	7
8. Quality Control Compliance	8	8

1: OVERVIEW

1.1: Purpose. The purpose of this QASP is to identify the methods and procedures the Commission will use to ensure the CNA provides the services to the NPAs and accomplishes the AbilityOne Program objectives set forth under this Agreement. This plan will focus on the level of performance required by the PWS; not the methodology or process.

1.2: Intent. Performance requirements will be monitored and evaluated, but the CNA has as much flexibility as possible to develop the most efficient methodology to meet and exceed required standards of performance.

2: DESCRIPTION OF SERVICES

2.1: Program Overview. The CNA shall provide all management, labor, supervision, materials, equipment and supplies to furnish CNA program management services.

2.2: Scope of Work. This is a performance-based agreement. The CNA shall plan, schedule, coordinate, and ensure effective and efficient performance of all services provided. The CNA shall perform the services in a manner that promotes the Federal Government's policies and the Commission's specific objectives as set forth in this Agreement, the JWOD Act and 41 CFR Chapter 51. These performance-based objectives express the Government's requirements in the form of the minimum quality standard to be met.

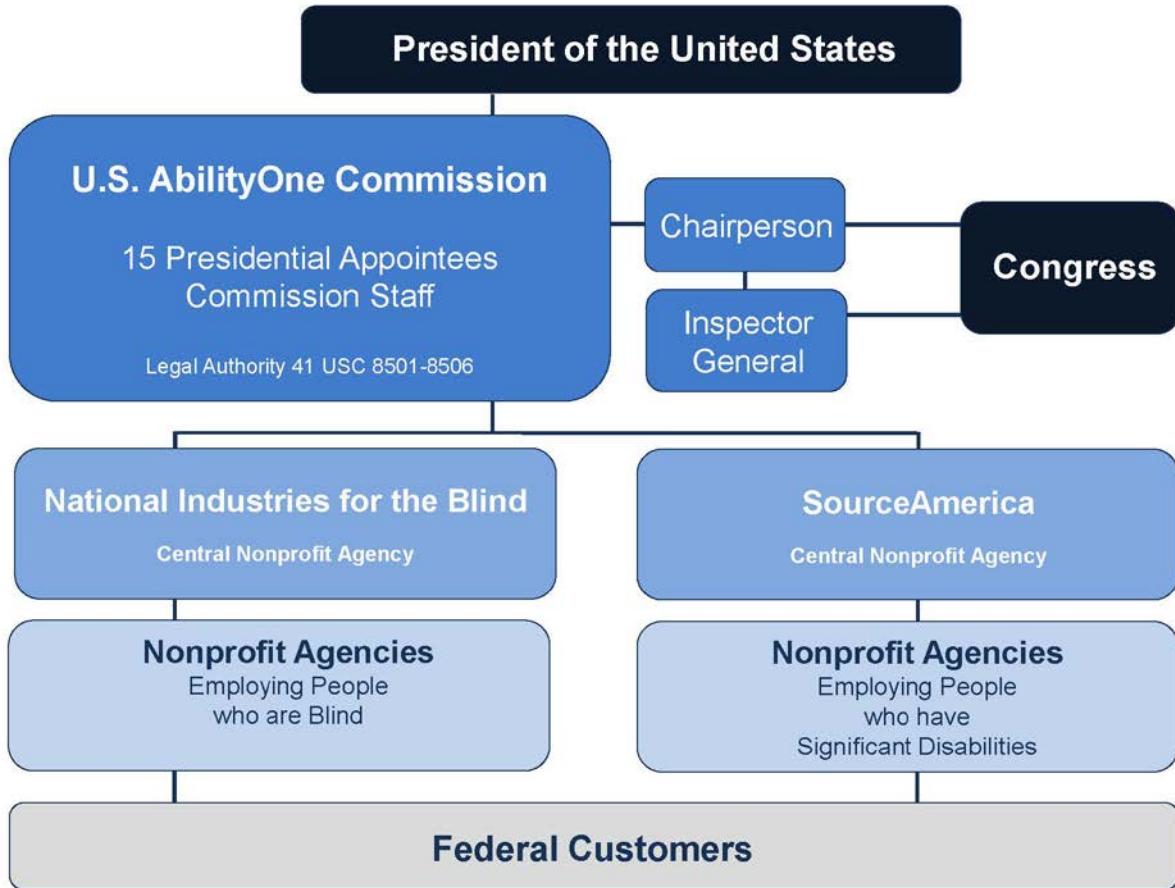

The overall purpose of this effort is to increase employment and training opportunities for persons who are blind or have other significant disabilities through the delivery of products and services to the Federal Government in accordance with the JWOD Act.

High value is associated with sustaining and increasing current employment levels and developing and executing new lines of business in the AbilityOne Program that also increase new employment opportunities.

Key Performance Indicators (KPIs) of this agreement are:

- Employment Growth
- Program administration, Oversight, and Integrity
- NPA Support, Assistance, and Development
- Strategic Communications

3: ORGANIZATIONAL STRUCTURE

4: AGREEMENT QUALITY REQUIREMENTS

4.1: Quality System. The CNA's quality requirements are defined in Section C, paragraph 5.0 of the Performance Work Statement. The CNA shall establish, maintain, and implement a QCP that encompasses all aspects of the agreement.

5: QASP APPROACH

5.1: Purpose. This Quality Assurance Surveillance Plan (QASP) provides a systematic method to evaluate performance for the stated contract. This QASP explains the following:

- What will be monitored
- How monitoring will take place
- Who will conduct the monitoring
- How monitoring efforts and results will be documented

This QASP does not detail how the CNA accomplishes the work. Rather, the QASP is created with the premise that the CNA is responsible for management and quality control actions to meet the terms of the agreement. It is the Commission's responsibility to be objective, fair, and consistent in evaluating performance.

This QASP is a "living document" and the Commission may review and revise it on a regular basis. However, the Commission shall coordinate changes with the CNA. Updates shall ensure that the QASP remains a valid, useful, and enforceable document. Copies of the original QASP and revisions shall be provided to the CNA and Commission officials implementing surveillance activities.

Various methods exist to monitor performance. The Commission shall use the surveillance methods listed below in the administration of this QASP.

It is important to define the distinction between the QCP and the QASP. The CNA is responsible for its QCP and is responsible for management and quality control action necessary to meet the quality standards set forth by this Agreement. The QASP is developed to define the Commission's surveillance of the CNA's performance in executing the requirements within the Agreement ensuring the CNA delivers the services and achieves the outcomes expected in this Agreement. The Commission is responsible for implementing this QASP and the CNA is responsible for implementing its QCP to meet the quality levels established in this Agreement.

5.2: Surveillance Approach. Various methods exist to monitor performance. The Commission will use the surveillance methods listed below in the administration of this QASP.

PERIODIC INSPECTION. (Uses a comprehensive evaluation of selected outputs. Inspections may be scheduled [Daily, Weekly, Monthly, Quarterly, or annually] or unscheduled, as required.) Periodic inspections are intended to monitor:

- Employment Growth Plan and Progress
- Net Employment Hours Growth
- Upward Mobility (Promotions) and Competitive Placement
- PL Transactions and Timeliness
- Timely PL Addition Requests
- PL Service Pricing Updates (base year element only)
- Producing NPAs' Compliance with AbilityOne Regulatory Requirements
- Training

USER SURVEY. (Combines elements of validated user complaints and random sampling. Random survey is conducted to solicit user satisfaction. Appropriate for high quantity activities that have historically been satisfactory. May also generate periodic and 100% inspections.) User Surveys are intended to monitor:

- NPAs' Training Satisfaction

100% INSPECTION. (Evaluates all outputs. Most applicable to small quantity, but highly important services. May be used where there are written deliverables and stringent requirements such as tasks required by law, safety, or security.) 100% Inspection is intended to monitor:

- Allocation and Recommendation Report
- Ethical Integrity
- Efficiency and Cost Savings
- PL Service Pricing Maintenance
- CNA Prime Phase-Out/NPA Phase-In
- Strategic Communications

Surveillance results may be used as the basis for Commission actions related to performance.

RATINGS: Metrics and methods are designed to determine if performance exceeds, meets, or does not meet a given standard and acceptable quality level. A rating scale shall be used to determine a positive, neutral, or negative outcome. The following ratings shall be used:

EXCEPTIONAL:	Performance significantly exceeds agreement requirements to the Government’s benefit.
GOOD:	Performance exceeds agreement requirements to the Government’s benefit.
SATISFACTORY:	Performance meets agreement requirements.
UNSATISFACTORY:	Performance does not meet agreement requirements.

To facilitate the surveillance of the CNA quality plan, the Commission will verify CNA compliance with designated Performance Objectives. The specific procedures to be followed in verifying the Performance Objectives are delineated in this plan.

5.3: QASP Annual Review. The Commission will review QASP Performance Objectives, assess their applicability and make changes as needed. This review will be accomplished annually.

5.5: Surveillance Documentation. Surveillance documentation must be maintained by the Commission to capture surveillance and assessment conducted relevant to the four (4) key performance indicators. The surveillance documentation must contain the results of all surveillance assessments and may contain any other sections or information that the Commission finds useful.

5.5.1: ACTIVITY LOG. The Commission will prepare a chronological log of CNA actions taken in the accomplishment of assigned performance requirements. The purpose of this log is to provide a brief synopsis of an inspection of CNA provided services or a

meeting or conversation with the CNA regarding PWS performance in a given functional area. Documentation that supports activity log entries is maintained in the RECORDS section of the surveillance folder.

5.5.2: RECORDS. The Commission will maintain any documentation associated with discrepancy reports (both active and resolved), relevant correspondence, and/or letters of interpretation of this Agreement. The CNA shall maintain records that captures all activities relevant to its QCP and actions taken to resolve discrepancies.

5.6: Deficiency Identification. Effective CNA surveillance relies on two methods for identification of unacceptable performance – CNA Identified Discrepancies and Commission Identified Discrepancies. When discrepancies are identified, the Commission and the CNA shall develop a corrective action and ensure necessary actions are completed.

6: METHODS OF SURVEILLANCE

Each Performance Objective below will have unique quality standards and surveillance methodology. Enclosure 1 will be used to ensure consistent, timely, and accurate collection of CNA performance data for each of the defined performance objectives.

7: QASP PERFORMANCE OBJECTIVES/STANDARDS (See Enclosure 1)

The Commission will base performance assessments on both objective and subjective data and information used for evaluation, which will be shared with the CNA. One of the primary goals of the assessment process is to establish a performance and feedback process that supports successful execution of this Agreement. Each Performance Objective includes a Commission determined Performance Standard and the resource that is used to perform the verification.

8: QUALITY CONTROL COMPLIANCE

8.1: Quality Control Compliance. The Commission will evaluate the CNA's QCP semiannually through review of quality records and interview of CNA personnel involved in the quality control process.

8.1.1: The Commission will consider the QCP satisfactory if no more than two (2) findings are identified by the Commission per quarter.

8.1.2: The Commission will utilize the following method of surveillance:

8.1.2.1: Review the CNA's audit and inspection records for the nature and number of inspections conducted, the number and type of deficiencies found and the nature

of corrective action taken.

8.1.2.2: Review the CNA's quality status reports to ensure all requirements of the QCP have been complied with.

8.2 Definition of Findings

8.2.1: Finding. A Finding is defined as any Commission identified noncompliance with Agreement requirements that specifies that an activity or action did not take place. The Commission will document in writing any and all findings of noncompliance with this Agreement and will afford the CNA the opportunity to work with the Commission to address any such findings.

Attachment 3 – LIST OF LAWS, REGULATIONS, AND POLICIES

The following regulations and policies are documents the CNA shall follow when developing their processes and procedures for performing work under the AbilityOne Program and in accordance with this agreement:

2. 41 C.F.R. Chapter 51
3. Public Law 114-113 2016, Consolidated Appropriations Act, 2016
